

🇮🇹 Cassettiere

- Robusta struttura in lamiera d'acciaio verniciata a polvere.
- Solida piana di lavoro in lamiera d'acciaio da 2 mm con copertura in NBR da 2 mm, antigraffio, resistente agli acidi e carburanti.
- Cassetti dal design innovativo, con sistema di estrazione totale per permettere di sfruttare al meglio lo spazio disponibile.
- Serratura centralizzata con chiave.
- Piedini regolabili in altezza per permettere il corretto posizionamento della cassetiera sul pavimento (escursione da 0 a 25 mm).

🇩🇪 Schubladenschränke

- Struktur aus robustem pulverlackiert Blech.
- Arbeitsplatte aus 2 mm Stalblech mit NBR 2 mm Abdeckung, Saeure-Kratzen- Kraftstoffbestaendig.
- Schubladen mit innovativem Design, mit insgesamt Auszug, um das Beste aus dem Weltraum zur Verfügung zu stellen.
- Höhenverstellbaren Füßen, um die korrekte Positionierung der Schubladenschränk auf dem Boden erlauben (Bereich von 0 bis 25 mm).
- Zentralverriegelung mit Schlüssel.

🇬🇧 Drawerchests

- Resilient structure metal sheet, powder-coated.
- Solid 2 mm steel sheet working surface with 2 mm NBR cover, scratch resistant, acid-resistant and fuel-resistant.
- In design modern drawer, with at total extraction system to make the most of all available spaces.
- Centralized lock with key.
- Adjustable feet in height for correct positioning of the drawer module to the floor (range from 0 to 25 mm).

🇪🇸 Cajoneras

- Robusta struttura de chapa y pintado con polvo.
- Plano de trabajo realizado en fuerte chapa de acero de 2 mm de espesor con cobertura en NBR de 2 mm, resistente al rayado, a los ácidos y gasolina.
- Cajones con diseño innovador , con sistema de extracción total que permita de aprovechar al máximo el espacio disponible.
- Bloqueo centralizado con llave.
- Patas regulables en altura para permitir el correcto posicionamiento en el suelo del cajón (excursión de 0 a 25 mm).

🇫🇷 Sutes

- Structure robuste en tôle d'acier peint époxy.
- Plan de travail robuste en tôle d'acier de 2 mm, avec revêtement en NBR de 2 mm, résistant aux rayures, aux acides et hydrocarbure.
- Tiroirs avec design innovant, avec système d'ouverture totale pour une utilisation optimale de l'espace de rangement.
- Serrure centralisée avec clés.
- Pieds réglables en hauteur pour permettre le bon positionnement du module sur le sol (réglage de 0 à 25 mm).
